Dear Dorothy

Thanks for your attendance at the Council meeting last week, it was most helpful.

Arley Parish Council hereby formally applies for the designation of the Neighbourhood Area as required by Part 2 Para 5 (1) of the Neighbourhood Planning (General) Regulations 2012. Arley Parish Council is the relevant body authorised to act in relation to the proposed Neighbourhood Area as defined by Schedule Part 1, paragraph 6 1 G (2) (a) of the Localism Act 2011.

The Council wishes that the area to which the application relates should be coterminous with the boundary of the Parish of Arley. It is wholly in the jurisdiction of Arley Parish Council and is therefore considered appropriate.

Arley Parish Council wishes NWBC to designate the area for the following reasons:

1. Clarity with neighbouring Parishes, County, Borough, and Town Councillors and residents as to where responsibilities start and finish.
2. A desire to include all areas of the Parish within the Parish boundary in the future development of Arley.

Yours sincerely
