Dear Dorothy

**RE: CORLEY PARISH -- NEIGHBOURHOOD PLAN.**

Corley Parish Council, hereby, formally applies for the designation of the Neighbourhood Area; as required by Part 2, Para 5 (1) of the Neighbourhood Planning (General) Regulations dated 2012.

Corley Parish Council is the relevant body authorised to act in relation to the Neighbourhood Area, as defined by Schedule Part 1, Para 6, 1, G, (2), (a) of the Localism Act 2011.

The Council wishes that the area to which the application relates, should be coterminous with the boundary of the Parish of Corley. It is wholly in the jurisdiction of Corley Parish Council and it is, therefore, considered appropriate.

Corley Parish Council wishes North Warwickshire Borough Council to designate the area for the following reasons:

- Clarity with neighbouring Parishes, Borough and County Councils and residents, as to where responsibilities start and finish
- A desire to include all areas of the Parish within the Parish boundary, in the future development of Corley
- The objective to protect the heritage of the village and conserve the rural environment, to the benefits of residents both present and in the future

Please confirm receipt of this application and notify when the consultation period will start and finish.

Thanks in advance.

Yours sincerely
