

**INSERT TO LABOUR GROUP REPRESENTATION ON
MATTER 2: 2.2 and 2.3**

TABLE 1 : Opportunities to comment

DATE	MEETING	Extract from Sub Committee Papers	Explanations in paper
September 2015	LDF	Paragraph 5.4 on page 7 “It is suggested that officers look at a figure of 10% of the GB HMA shortfall to see how this could be delivered.”	Between 2000/01 and 2010/11 there were 10.9% of out-migration flows from Birmingham into the area.
February 2016	LDF	Paragraph 6.2 page 12 “It is intended to bring to Members a draft of the MoU at April’s LDF Sub- committee. “	6.2 “At the LDF meeting last year Members agreed to test and look at a potential increase of the housing figure in the Borough of around 10% of the shortfall due to migration and commuting figures that indicate that this is the sort of relationship there is between the Borough and the City in particular. Therefore up to 3790. “ “The figure of 3790 is being reflected in the draft work as a figure that will be tested. If evidence indicates that this is not possible / deliverable then there is the opportunity to go back to the table to discuss alternative figures.
April 2016	LDF	paragraph 2.11 on page 12 “This has resulted in a draft Memorandum of Understanding to agree the distribution of housing amongst the local planning authorities from both in and outside of the GB & BC HMA. TABLE 3 “To test the potential delivery of	2.11Based on migration and commuting patterns it was considered that a figure of 10% of the shortfall should be tested. This would mean a potential additional 3790. 2.12 Since the Borough

		up to 3790 for GB & BC HMA (this would include any amount required for TBC)	Council took the above decision work has been ongoing with partners across the GB & BC HMA as well as other local authorities beyond the housing market area to agree a redistribution of the housing identified shortfall.
August 2016	LDF	Paragraph 12.2 on page 7, "At the last meeting in April Members considered a paper on Growth Options. The paper set out various options for dealing with growth from within and outside of the Borough. Since that meeting a Sustainability Appraisal has been carried out on these and is attached as Appendix B. "	In terms of the options of dealing with growth from outside of the Borough it was considered that in general, the effects of OUT1 (Development adjoining the out boundary of the Borough) and OUT2 (Settlements closest to where the need arises) had more positive effects.
September 2016	Area Forums x 4	North Area Forum - agenda Item 6 : " Update on the new Local Plan for the Borough and an opportunity to ask questions East , West and South Area Forum Agenda Item 6 : Update on local plan NWBC	Options for Growth paper not published on line or made available before these public meetings. Area forum meetings not widely publicised. Stop the Build Groups created in local communities most affected by proposals
November 2016 – March 2017	Public Consultations	Draft Local plan was issued without any further debate at LDF subcommittee or at Full Council	Council receives 2300 responses but makes no fundamental changes to additional housing numbers, distribution or proposals on infrastructure
January 2017	Sustainability appraisal received and made available on line		Labour group asks for extension of consultation period [originally scheduled to end 5 th January and publishes its response on line

September 2017	LDF		Draft plan for adoption received before STA report available
October 2017	Strategic Transport assessment modelling analysis and overview received	Members given one week to study this 120 page report before plan discussed at Exec Board	
18th October 2017	Special Exec Board	Special Exec Meeting convened to approve Draft Plan	Labour group proposes two Amendments proposing that local plan should not be adopted . Rejected
November – 1st January 2018	Formal consultation on final plan November – Jan		Labour asks for extension of 6 week consultation period because of Xmas leave period .
March 2018		Full Council votes to adopt and submit local plan
