Area Forum Report

Local Community Projects Fund

Recommendation

That the Forum notes the Local Community Projects Fund awards made during 2013/14 and promotes the next award deadline of 1 April 2014 to individuals and eligible groups and organisations.

1 Introduction

1.1 The Borough Council introduced the Local Community Projects Fund in 2013/14. The Fund seeks to provide small grants to individuals and organisations that want to deliver projects that will have a positive benefit in the local community.

1.2 There is a total sum of £17,500 available for distribution, with £1,000 allocated to each Ward (with the exception of Arley and Whitacre, which has £1,500 available for disbursement). There is a presumption that awards will not exceed £500, although under exceptional circumstances higher grants may be awarded. Projects must contribute to one or more of the following Sustainable Community Strategy priorities:

- Raising Aspirations, Educational Attainment and Skill Levels
- Developing Healthier Communities
- Improving Access to Services

1.3 Additionally, projects should provide a lasting benefit within the local community. Full details of the scheme criteria are attached at Appendix 1.

...

2 Applications Received in 2013/14

2.1 In total, 15 applications were received, three of which were ineligible. Appendix 2 details the 12 successful applications, which are also publicised on the Borough Council website.

...

- 2.2 In order to make the process as easy, effective and efficient as possible, applicants were encouraged to apply online (at www.NorthWarks.gov.uk/lcpf). Grant requests, however, were still welcome via the traditional, paper-based form. Of the 15 applications submitted, 11 were completed online.
- 2.3 There was a small number of teething problems with the new online system, including:
- i) Applicants not being able to see all of the questions in advance of starting to make an application – this was quickly resolved.
 - ii) Not enough time being allowed to complete each online sheet before it was “timed out”, resulting in a loss of data – again, this problem was quickly resolved.
- 2.4 A broad range of applications was received from organisations delivering projects that improved opportunities for participation in the arts (craft, theatre and singing), sports (hockey) and educational sessions (including story sacks for younger children and a youth club for older young people). Additionally, there were several applications from organisations wishing to make improvements to community facilities.
- 2.5 Disappointingly, there was only one application from an individual, which subsequently proved to be ineligible due to the proposed beneficiaries living outside the Borough.

3 Finances

- 3.1 Only two Wards were financially oversubscribed (Hartshill and Atherstone South and Mancetter). One of the Hartshill awards was reduced accordingly (from £635 to £500). Both organisations in Atherstone South and Mancetter were awarded their requested sum, as one of the projects had beneficiaries in Atherstone North and Members from that Ward agreed to support the scheme.
- 3.2 Of the £17,500 available for disbursement through the Projects Fund, a total of £5,878 was awarded to local projects. The balance of £11,622 has been reserved for Community-based Projects.

4 Promotion

- 4.1 The scheme was promoted widely through Borough Councillors, parish and town councils, the Warwickshire Community and Voluntary Action database, the Borough Council newsletter, "North Talk", and in the local press. The Authority's Communications and Public Relations Officer is in contact with several of the successful organisations to publicise the Fund and the successful projects.
- 4.2 The next deadline for applicants to the 2014/15 Fund is 1 April, with a second round deadline of 1 October 2014. In the first instance, potential applicants are encouraged to discuss their project with the Borough Council's Partnership and Development Manager.

- Upon receipt, applications will be checked to ensure that they are complete and meet the scheme's eligibility criteria
