Children's motorised bikes are being used to highlight the importance of road safety to schools in North Warwickshire.

The bikes were donated to Warwickshire Police and have been suitably liveried to be a police bike, fire bike and also an ambulance trike.

They are being used to demonstrate to children the importance of being careful when crossing roads and general road safety.

The first school to benefit was Hurley Primary School in Warwickshire.

PCSO, Gavin Scott, part of Warwickshire Police Safer Neighbourhood Team, said: "The bikes give us a great opportunity to make learning about road safety fun. The children love riding them and we can make practical examples of when it's safe to cross a road, using the bikes as traffic. Also, making the children aware of what each emergency service does will stand them in good stead as they grow up."

On Wednesday 26th September sharp-eyed local businesses in Jubilee Court, Kingsbury noticed a number of males entering the shops and trying to pass counterfeit £50.00 notes over the counter in exchange for goods.

At the time PCSO 6162 Gavin Scott from the Safer Neighbourhoods Team, based at Coleshill was on patrol in the area and noticed and spoke to one of the concerned business owners and their customers, who identified males in the area as the offenders. PCSO Scott called up his controller and observed one of the males running off up Tamworth Road, Kingsbury resulting in a lengthy foot chase up Trinity Road. PCSO Scott was then assisted by a passing motorist enabling him to catch up with one of the offenders on Piccadilly Way, Piccadilly near Kingsbury by the PCSO Scott.

Within minutes police officers arrived and as a result a 31 year old male was arrested at the scene for fraud by false representation.
