LOCAL GOVERNMENT REORGANISATION

INTERIM PLAN FEEDBACK: WARWICKSHIRE

To the Chief Executives of:
North Warwickshire Borough Council
Nuneaton and Bedworth Borough Council
Rugby Borough Council
Stratford-on-Avon District Council
Warwick District Council
Warwickshire County Council

Overview

Thank you for submitting your interim plans. The amount of work from all councils is clear to see across the options being considered. For the final proposal(s), each council can submit a single proposal for which there must be a clear single option and geography and, as set out in the guidance, we expect this to be for the area as a whole; that is, the whole of the area to which the 5 February invitation was issued, not partial coverage.

Our aim for the feedback on interim plans is to support areas to develop final proposals. This stage is not a decision-making point, and our feedback does not seek to approve or reject any option being considered.

The feedback provided relates to the:

- Interim plan sent on behalf of the district and borough councils concluding that single and two unitary options can meet all the criteria for local government reorganisation; and
- Interim plan sent on behalf of Warwickshire County Council concluding that only a single unitary for the area can meet the criteria.

We have provided feedback on behalf of central government. It takes the form of:

1. A summary of the main feedback points,
2. Our response to the specific barriers and challenges raised in your plans,
3. An annex with more detailed feedback against each of the interim plan asks.

We reference the guidance criteria included in the invitation letter throughout, a copy can be found at [LETTER: WARWICKSHIRE – GOV.UK](#). Our central message is to build on your initial work and ensure that the final proposal(s) address the criteria and

are supported by data and evidence. We recommend that final proposal(s) should use the same assumptions and data sets or be clear where and why there is a difference.

We welcome the work that has been undertaken across proposals to develop local government reorganisation plans for Warwickshire. This feedback does not seek to approve or discount any options or proposals, but provide some feedback designed to assist in the development of final proposal(s). We will assess final proposal(s) against the guidance criteria provided in the invitation letter and have tailored this feedback to identify where additional information may be helpful in enabling that assessment. Please note that this feedback is not exhaustive and should not preclude the inclusion of additional materials or evidence in the final proposal(s). In addition, your named area lead, Jon Scanlan, will be able to provide support and help address any further questions or queries.

Summary of the Feedback:

We have summarised the key elements of the feedback below, with further detail provided in the Annex.

1. In your proposals, you are considering populations that would be above or below 500,000. As set out in the Statutory Invitation guidance and in the English Devolution White Paper, we outlined a population size of 500,000 or more. This is a guiding principle, not a hard target – we understand that there should be flexibility, especially given our ambition to build out devolution and take account of housing growth, alongside local government reorganisation. **All proposals, whether they are at the guided level, above it, or below it, should set out the rationale for the proposed approach clearly.**
2. The criteria ask that consideration should be given to the impacts for crucial services such as social care, children's services, SEND and homelessness, and for wider public services including for public safety (see criterion 3). **For any options where there is disaggregation, further detail will be helpful on how the different options might impact on these services and how risks can be mitigated.**
3. We welcome the steps taken to come together to prepare interim plans, as per criterion 4:
 - a. **Effective collaboration between all councils will be crucial; we would encourage you to continue to build strong relationships and agree ways of working, including around effective data sharing. This will support the development of a robust shared evidence base to underpin final proposal(s).**
 - b. **It would be helpful if final proposal(s) use the same assumptions and data sets or be clear where and why there is a difference.**
 - c. **It would be helpful if your final proposal(s) set out how the data and evidence supports all the outcomes you have included and how well they meet the assessment criteria in the invitation letter.**

- d. **You may wish to consider an options appraisal that will help demonstrate why your proposed approach in the round best meets the assessment criteria in the invitation letter compared to any alternatives.**
4. In final proposal(s) it would be helpful to outline how each option would interact with a Strategic Authority and best benefit the local community, including meeting devolution statutory tests.

Response to specific barriers and challenges raised

Please see below our response to the specific barriers and challenges that were raised in your interim plans.

1. Devolution and Strategic Authority options

One of the plans asks for clarity about what potential Strategic Authority options will be available for Warwickshire to assist your consideration of reorganisation options.

We welcome the acknowledgement in the interim plans that there is a significant opportunity for devolution beyond the current non-mayoral agreement and the options you have set out for potential devolution routes for Warwickshire. In the detailed feedback table below, we have asked for further detail on devolution, but in summary:

- a. **Existing devolved powers:** Proposals should consider the impact of each option for reorganisation on the exercise of the new housing, regeneration, and adult skills powers being conferred by upcoming legislation to Warwickshire County Council as part of the current agreement, and what the options may be for exercising devolved functions once new unitaries are formed under each option.
- b. **Future options for devolution:**
We cannot pre-judge the result or timelines of any future devolution discussions, but we will work with you to progress any ambitions where possible in due course.

2. Early written feedback on area proposal

You asked for early written feedback from Government on the interim plans. This is our feedback to support you to develop your final proposal(s), we are open to providing ongoing support to your work to progress your final plan. Jon Scanlan is your MHCLG lead contact and is ready to engage with the whole area on issues you wish to discuss further.

We note the local context and challenges outlined in the plans and the potential benefits that have been identified for the options put forward. Your plans set out your intention to undertake further analysis, and this further detail and evidence, on the outcomes that are expected to be achieved for the whole area of any preferred model would be welcomed.</p> <p>Effective collaboration between all Warwickshire councils will be crucial to reaching final proposal(s). Is there a differential impact on the number of care users and infrastructure to support them from the different options? • what partnership options have you considered for joint working across the new unitaries for the delivery of social care services? • do different options have variable impacts as you transition to the new unitaries, and how will risks to safeguarding be managed? • do different options have variable impacts on schools, support and funding allocation, and sufficiency of places, and how will impacts on schools be managed? • what might be the impact on highway services across the area under the different approaches suggested? • what are the implications for public health, including consideration of socio-demographic challenges and health inequalities within any new boundaries and their implications for current and future health service needs. What are the implications for how residents access services and service delivery for populations most at risk? <p>We would encourage you to provide further details on how your proposals would maximise opportunities for public service reform, so that we can explore how best to support your efforts.</p>

We recognise these are early estimates and would welcome updated costs as the process goes forward, including those related to the costs of consultancy support.</p> <p>£7.6 million will be made available in the form of local government reorganisation proposal development contributions, to be split across the 21 areas. Further information will be provided on this funding shortly.</p> <p>We would welcome further detail in your final proposal(s) over the level of cost and the extent to which the costs are for delivery of the unitary structures or for transformation activity that delivers additional benefits.</p>
