1.0 Introduction

- 1.1 The Fillongley Neighbourhood Plan Revision (FNPR) updates the previous Fillongley Neighbourhood Plan (FNP) 2018 - 2034. The former FNP was examined, subjected to a local referendum and then made (adopted) by North Warwickshire Borough Council in August 2019.
- 1.2 In 2023 the Parish Council decided to review the FNP. The review is being undertaken to update the policies and proposals in the previous FNP.
- 1.3 The Revision of the FNP has been informed by the following:
- Changes to national planning policy set out in the National Planning Policy Framework (NPPF) December 2024 and other Government guidance;
 - The North Warwickshire Local Plan, Adopted September 2021 and associated supporting documents and evidence base
 - The findings of the Fillongley Housing Needs Survey 2023
 - The responses to the questionnaire Fillongley Neighbourhood Plan Revision Survey 2023
 - The findings of the Fillongley Housing Assessment January 2025
 - Experience of the Fillongley Parish Council since the adoption of the FNP
 - Informal advice and discussions with North Warwickshire Borough Council
- 1.4 This document is the Statement of Modifications for the Regulation 14 Draft Plan. It sets out the extent of the modifications to the former FNP and summarises the changes to policies and proposals which have been incorporated into the FNP Revision document.

2.0 National Planning Practice Guidance (PPG)

- 2.4 PPG for neighbourhood planning sets out when it is considered necessary to review and update a neighbourhood plan¹. This provides the following advice:

'Updating a neighbourhood plan

In what ways can a neighbourhood plan or order be changed?

There are 3 types of modification which can be made to a neighbourhood plan or order. The process will depend on the degree of change which the modification involves:

¹ <https://www.gov.uk/guidance/neighbourhood-planning--2#updating-neighbourhood-plan>

- *Minor (non-material) modifications to a neighbourhood plan or order are those which would not materially affect the policies in the plan or permission granted by the order. These may include correcting errors, such as a reference to a supporting document, and would not require examination or a referendum.*
- *Material modifications which do not change the nature of the plan or order would require examination but not a referendum. This might, for example, entail the addition of a design code that builds on a pre-existing design policy, or the addition of a site or sites which, subject to the decision of the independent examiner, are not so significant or substantial as to change the nature of the plan.*
- *Material modifications which do change the nature of the plan or order would require examination and a referendum. This might, for example, involve allocating significant new sites for development.'*

Paragraph: 106 Reference ID: 41-106-20190509

Revision date: 09 05 2019

~~2.2~~ The modifications to the Fillongley Neighbourhood Plan are considered to be material as they go further than correcting errors.

~~2.3~~ PPG goes on to advise:

'How are more substantive neighbourhood plan updates made?

If a qualifying body wish to make updates (modifications) that do materially affect the policies in the plan, they should follow the process set out in [guidance](#), with the following additional requirements:

- *the qualifying body must (at the pre-submission publicity and consultation stage and when the modified plan is submitted to the local planning authority) state whether they believe that the modifications are so significant or substantial as to change the nature of the plan and give reasons.*
- *the local planning authority must (when sending the modified plan to the independent examiner) state whether they believe that the modifications are so significant or substantial as to change the nature of the plan and give reasons. The local planning authority must also submit a copy of the original plan to the independent examiner.*
- *the qualifying body must decide whether to proceed with the examination after the examiner has decided whether the modifications proposed change the nature of the plan.'*

2.3 This Statement sets out the extent of the modifications and gives reasons why the Parish Council considers the modifications are minor or material and if so whether they are so significant or substantial as to change the nature of the plan.

3.0 Material Modifications to the Adopted FNP

- 3.1 The FNP Revision comprises amendments to formerly made neighbourhood plan policies and the introduction of one further allocated green space.
- 3.2 Following discussions with North Warwickshire Borough Council, the Parish Council agreed that the revision would not include new site allocations for housing development but would focus on updating the other neighbourhood plan policies.
- 3.3 Former made FNP Policies which have been retained and modified are shown in Table 1: List of Modified FNP Policies:

Table 1: List of Modified FNP Policies

Former Adopted FNP Policy	Modified Policy in Revised FNP	Brief Reason
FNP01: Built Environment	FNP01: Built Environment	The Policy has been updated to include the desire to blend development with the local landscape (closing a wording gap between FNP01 and FNP02), and the need to protect the area against further light pollution. These issues were identified by FPC who have received complaints regarding various properties over the duration of the current FNP and responses from the FNP Revision Survey 2023. "Where possible" has been removed for clarity.
FNP02: Natural Environment	FNP02: Natural Environment	The Policy has been updated to include reference to recent legislation. The wording has also been updated to be clearer, more positive and less "woolly".
FNP03: Flooding	FNP03: Flooding	The Policy has been updated and re-worded to take into account the work of Fillongley Flood Group in trying to introduce measures to reduce flooding and protect homes in the Parish. The policy notes the impact of downstream water flow on to other properties and asks for development to provide more specific information so that informed decisions can be made. Responses from the FNP Revision Survey 2023 have been taken into account.

Former Adopted FNP Policy	Modified Policy in Revised FNP	Brief Reason
FNP04: Housing	FNP04: Housing	The Policy has been amended and detailed to reflect the wishes and needs of the community following the responses to various consultations; <ul style="list-style-type: none"> • Housing Needs Survey 2023 • FNP Revision Survey 2023 • Housing Needs Assessment 2025 And data from 2021 census for Fillongley.
FNP05: Economy	FNP05: Economy	The policy has been amended with consideration to responses from FNP Revision Survey 2023 together with current trends enabling better working from home.
FNP06: Heritage	FNP06: Heritage	This policy has been updated to include much more specific, useful detail. It is designed to complement FNP01 and FNP02 whilst maintaining the objectives of the original responses to the FNP consultations.
FNP07: Traffic and Transport	FNP07: Traffic and Transport	This policy has been updated to reflect responses from FNP Revision Survey 2023.

4.0 Do the Material Modifications Change the Nature of the Plan?

- 4.1 The changes to the FNP Policies and supporting text are considered to comprise material modifications that do not change the nature of the Plan. Modifications comprise of updates to the former policies and several references to various public consultations which were commissioned as part of the review process.
- 4.2 The Parish Council considers that an examination will be required but not a referendum. However, it is recognised that the local planning authority (North Warwickshire Borough Council) and the examiner will draw their own conclusions and make recommendations accordingly as the FNP review moves forward through the process.
- 4.3 Table 2 in Appendix 1 sets out all the modifications to the Adopted Fillongley Neighbourhood Plan 2019.

3.	1.0	<p>Throughout the process, we strived to get all members of our community involved and harness both the technical expertise within our community and everyone else (with technical ability or not) to ensure that the views of all the community were included. We had input from numerous community groups including: Fillongley Scouts and Cubs, Fillongley Golden Years, Bournebrook School, St Marys and All Saints Church, local business owners, farmers, landlords and users of the local pubs.</p> <p><u>The community were involved throughout the process and the Fillongley Neighbourhood Plan (FNP) was adopted in August 2019. Since 2023 Fillongley Parish Council have been reviewing the original plan. Locally and nationally there are new policies which affect our own (such as the NPPF 2024 and NWBC Local plan 2021).</u></p> <p><u>There were a number of areas where the Parish Council had concerns that the policies were not worded strongly enough, and do not reflect well enough, the wishes of the Parishioners and the intentions of the Parish Council. These were consulted on with the Parish in 2023. A number of policies have now been re-worded. 	1.0.4	<p>Once the Plan has been accepted the Parish Council will annually consider whether any major changes should be made to the Plan.</p> <p><u>The review of the adopted FNP started in 2023. Within the first 5 years of the FNP, NWBC have altered their own policies and the Government-led specific number of properties to be built in Fillongley parish was withdrawn.</u></p> <p><u>There are updates to building regulations and requirements also superceding, and sometimes coming into line, with the wishes of the community and very recently a new NPPF (2024). Planning Practice Guidance is yet to be reissued.</u></p> <p><u>There are a number of areas where the Parish Council has had concerns that the policies are not worded strongly enough, and do not reflect well enough, the wishes of the Parishioners and the intentions of the Council. These were consulted on with the Parish in 2023. A number of policies have now been reworded. There have also been a further two new surveys, as part of the review, to understand the needs of the Parish. As these changes have been proposed, the Community is consulted to ensure that the Council are in sync with the Parishioners and that this remains a community driven document for the community, by the community.</u></p>	<p>The FNP has not been formally reviewed annually so remove this duty from the Council. 7.	1.0.6	<p><u>Diagram removed.</u></p> <p>Before the examination, and at a number of stages during the process, the Parish Council and Neighbourhood Planning Group had informally requested NWBC to check the plan for conformity, to minimise the risk of failure at the examination stage.</p> <p>The Fillongley Neighbourhood Plan has been the subject of an independent examination where it was scrutinised. The Plan has been considered to be in conformity with local and national strategic planning policy as issues raised by the Inspector have been amended to comply.</p> <p>If the plan is agreed by referendum, the Fillongley Neighbourhood Plan will form part of the development plan along with NWBC Local Plan, and will be used to assess the acceptability of planning applications in the Parish.</p> <p><u>The Revised Fillongley Neighbourhood Plan is being consulted on for 6 weeks (Regulation 14). Then FPC will review suggested/requested amendments from the results of the consultation and submit to NWBC for a second, Regulation 16 consultation. After this it will be the subject of an independent examination where it will be checked to ensure that it conforms with current local and national strategic planning policy.</u></p>	<p>All removed diagram and wording relates to initial FNP, not the process for the revised FNP.</p> <p>New wording explains the process for the revision.</p>

		<p><u>The independent Inspector will decide if the changes proposed warrant a further referendum or not, and if the Inspector decides so, there will be a referendum.</u></p> <p><u>If no referendum is necessary and the Inspector is happy that the contents comply with other Policies, the Fillongley Neighbourhood Plan will form part of the development plan along with NWBC Local Plan, and will be used as part of the assessment of planning applications in the Parish.</u></p>	<i>Material changes that do not change the nature of the plan</i>
