## Town and Country Planning Act

### General Developments Preliminary Enquiry Forms

If you are thinking about developing a site, making alterations to existing non-domestic property, erecting signage or changing the use of a building/land, then we need some information from you to help us advise you as to whether or not you will need a planning application for what you want to do. You can use this form to set out your ideas. Then send it to the address above, or drop it into our One Stop Shop at the above address. We will try and get back to you as soon as possible.

**Please note:** this form should not be used for householder developments (e.g. extensions, outbuildings, etc).

Although you may not need a planning application, you may need to apply under the Building Regulations. You are advised to seek further information from the Building Control team on 01827 715283.
